KNOCKNACARRA FLORISTS

offer you 3 types of Wedding Packages which will help simplify your decision. Should you require something different we also offer you our regular bespoke Wedding flower design service.

These packages include delivery and set up of church flowers where appropriate within a 10 mile radius of Galway City Centre.

Delivery outside of this can be arranged at an extra cost.

The flower choice may vary slightly depending on availability and seasons however each colour selection will usually be made up of the following: freesia, roses and other flowers such as bouvardia and a complementary filler flower such as gypsophilla, solidago and or waxflower to name a few all backed with a selection of choice foliage.

The style of your bridal bouquet will be a loose mixed posy finished with a satin bow to compliment your colour scheme.

Should you wish to add extras to the above packages we will be happy to help at a discounted rate.

A non refundable deposit of €100.00 secures your date. Places are limited to two weddings per day to ensure each wedding gets the time it deserves.

A full list of terms and conditions of Wedding Flowers at Knocknacarra Florists is available on request. We pride ourselves on our Wedding designs and look forward to being part of your day.
